Summary

Data Engineer with professional experience in enterprise data engineering, backend development, and cloud technologies. Skilled in designing ETL/ELT pipelines, distributed data processing, database optimization, and workflow automation using PySpark, Apache Spark, Airflow, Hadoop, Hive, SQL, Java, and Python. Strong foundation in software engineering with a passion for building scalable and reliable data platforms.

Technical Skills

Programming Languages: Java, Python, SQL, JavaScript, Dart

Data Engineering: PySpark, Apache Spark, Apache Airflow, Hadoop, HDFS, Hive, PostgreSQL, ETL/ELT, Data Warehousing

Cloud & Big Data: Microsoft Azure, Azure Data Factory, AWS, Oracle Cloud Infrastructure, Google Cloud Platform

Backend Development: Spring Boot, REST APIs, Node.js, Express.js, Firebase

Mobile Development: Flutter, Android (Java), React Native

Databases: PostgreSQL, MySQL, MongoDB, Firebase Firestore

DevOps & Tools: Git, GitHub, Docker, Jenkins, Postman, VS Code, Eclipse, Android Studio

Experience

LTIMindtree

Dec. 2025 – June. 2026

SAP BASIS Consultant

Onsite

- Completed hands-on training in SAP Basis administration, focusing on system installation, configuration, and landscape management.
- Monitored SAP systems, managed transports, users, and background jobs to ensure stable and efficient operations.
- Assisted in troubleshooting system issues, performance tuning, and routine maintenance tasks in collaboration with senior Basis consultants.

Swayambhu Academy

Nov. 2024 – Nov. 2025

Data Engineer (Contract)

Remote

- Built and optimized ETL/ELT pipelines using PySpark, Apache Airflow, Python, SQL, and Hive to ingest, transform, and process large-scale enterprise data.
- Utilized Hadoop ecosystem technologies (HDFS, Hive) and PostgreSQL to perform distributed data processing, validation, query optimization, and database migration.
- Implemented automated workflow scheduling, data quality validation, and production issue resolution while collaborating with cross-functional teams in an Agile environment.

Yoliday LLP

Dec. 2024 – Feb. 2025

Quality Assurance Intern

Remote

- Conducted comprehensive API testing, including endpoint verification, network traffic analysis, and proxying.
- Ensured the reliability, performance, and security of APIs through rigorous testing methodologies.
- Collaborated with development teams to identify and resolve issues, improving overall API efficiency.

CareLink Pvt. Ltd.

June 2023 – August 2023

Android Developer Intern

Remote

- Contributed to the development of both front-end and back-end for core user and doctor-side applications in a med-tech startup.
- Collaborated with a team of four developers to deliver key functionalities and improve user experience.
- Played a crucial role in creating seamless, scalable, and user-friendly solutions for the healthcare domain.

MakeMyHolidayz Pvt. Ltd.

March 2022 – July 2022

Web Developer Intern

Remote

- Designed and developed hospitality service-oriented websites for a tourism-based enterprise using WordPress.
- Delivered user-friendly and visually appealing web solutions tailored to client needs.
- Contributed to additional website development tasks using Wix to enhance project versatility.

Education

Mumbai University (Vasantdada Patil Pratishthan’s College of Engineering) <i>Bachelor of Engineering in Information Technology — CGPA: 8.41/10</i>	Nov. 2022 – May 2025 <i>Mumbai, Maharashtra</i>
Government Polytechnic, Mumbai <i>Diploma in Information Technology — Percentage: 88.17%</i>	Aug. 2019 – Sept. 2022 <i>Mumbai, Maharashtra</i>

Projects

AyurSage <i>Flutter, Firebase, Python</i>	April 2025
- Developed a platform offering personalized herbal recommendations based on Ayurvedic classical texts, revolutionizing healthcare accessibility. - Utilized NLP and machine learning to deliver user-centric design, robust feedback mechanisms, and continuous improvement. - Contributed to advancing Ayurvedic practices by addressing challenges in accessing personalized remedies and modernizing healthcare solutions.	
HireBuddy <i>MERN, GenAI, Firebase, Python, JavaScript</i>	March 2025
- Developed a unified platform for smart competency diagnostics and personalized learning pathways, enhancing hiring efficiency and career planning. - Integrated adaptive assessment engines and AI-driven skill gap analysis to generate real-time profile scores and role-fit recommendations. - Empowered HR teams and candidates through performance dashboards, customizable modules, and secure, scalable cloud-based infrastructure.	
Setu X <i>Java, Android Studio, Firebase, Filebase</i>	March 2024
- Developed a secure healthcare dApp for private hospital chains to manage patient medical records using unique hospital-specific IDs. - Implemented features like secure data storage, real-time updates, and role-based access to enhance data privacy and streamline workflows. - Contributed to improving patient care by providing a centralized platform for accessing and managing medical records efficiently.	
College Management System <i>Java, Eclipse, JavaFX</i>	February 2022
- Developed a College Management System with Java Swing, JSP, and MySQL to manage student, faculty, and course data. - Implemented key features like enrollment, course scheduling, and performance tracking with a user-friendly GUI. - Ensured scalability using object-oriented principles and efficient database integration.	

Certifications

- Oracle Cloud Infrastructure 2025 Foundations Associate
- Oracle Cloud Infrastructure 2025 Architect Associate
- Oracle Cloud Infrastructure 2025 DevOps Professional
- Amazon AWS Cloud Practitioner Essentials
- Google Cloud Computing Foundations
- Google Foundations of Cybersecurity

Relevant Coursework

| • Software Methodology | • Database Management | • Internet Technology | • Computer Architecture |

Soft Skills & Interests

Soft Skills

- Strong verbal and written communication skills, with the ability to express complex ideas clearly.
- Effective team player with experience in both leadership and collaborative roles.
- Problem-solving mindset with a focus on creative and innovative solutions.
- Time management skills, with the ability to prioritize tasks efficiently under tight deadlines.
- Adaptable and quick to learn new concepts, tools, and technologies.

Interests

- Passionate about technology, coding, and exploring new programming languages.
- Interest in listening to music, watching anime and playing video games.
- Traveling to new places to experience diverse cultures and cuisines.
- Fitness enthusiast, enjoying hiking and outdoor activities to maintain a healthy lifestyle.
